Credit Hours

30-31 January 2026

HICC Novotel, Hyderabad, India

**IPSC - HOPE - THIT - CLINOVATE**

Apollo Hospitals Group presents the **13<sup>th</sup> International Health Dialogue (IHD)**  
Asia's largest & most influential healthcare conference dedicated to patient safety & healthcare transformation.

## CLINOVATE 2026

The International Health Dialogue (IHD) is a premier global platform dedicated to advancing healthcare innovation, collaboration, and policy. Founded with a vision to unite healthcare professionals, policymakers, researchers, and industry leaders, IHD fosters meaningful discussions that shape the future of global healthcare. Our mission is to drive transformative change by addressing critical challenges in healthcare access, technology, and sustainability. Through our conferences, workshops, and initiatives, IHD continues to inspire innovation and collaboration for a healthier world.

Building on this legacy, IHD proudly introduces CLINOVATE 2026, a groundbreaking initiative designed to bring clinical depth and specialty excellence under the IHD umbrella. Scheduled for 31st January 2026 in Hyderabad, CLINOVATE serves as a flagship forum that merges the scale and visibility of IHD with focused, specialty-level learning. It brings together experts from Oncology, Cardiology, Women's Health, and Laboratory Medicine to foster interdisciplinary dialogue, accelerate knowledge translation, and promote best practices.

By converging multiple specialty conferences into a unified event, CLINOVATE 2026 amplifies academic, clinical, and industry engagement—creating economies of scale, enhancing visibility, and strengthening collaborative impact. The program will feature national and international thought leaders, interactive workshops, and sessions highlighting the latest advances in AI, precision medicine, diagnostics, and digital health. With an aim to empower clinicians, researchers, and allied professionals, CLINOVATE 2026 exemplifies IHD's commitment to continuous learning, cross-specialty collaboration, and shaping the future of healthcare innovation.

**Join us at IHD–CLINOVATE 2026 to be part of a dynamic global movement that transforms ideas into action and advances the science and spirit of care.**

# Why CLINOVATE?

1. Clinical Depth within a Broad Forum: CLINOVATE is our flagship initiative to bring specialty-level continuing medical education into the larger IHD framework, combining the reach and visibility of a large international health conference with the rigor and relevance of specialty learning.
2. Synergy, Economies, and Impact: By converging multiple specialty conferences (Oncology, Cardiology, Women's Health, Laboratory Medicine) into a single unified event, we amplify academic and industry engagement.
3. Accelerated Knowledge Translation: In today's rapidly evolving clinical landscape, specialist physicians, researchers, and allied professionals need timely updates. CLINOVATE ensures updates on frontier science, best practices, and innovation in each specialty.

## Target Audience

1. Clinicians & Specialists: Doctors, Residents, Fellows, Trainees and Academicians from the above domains
2. Researchers & Academicians: Basic science, translational investigators working in cancer biology, cardiovascular science, women's health and diagnostics
3. Allied Professionals & Industry Stakeholders: Nurses, radiologists, imaging specialists, genetic counsellors, health policy makers, administrators and Industry representatives from diagnostics, therapeutics, medical devices, and pharma.

# Objectives

1. Update on Advances: Present and discuss the latest breakthroughs, guidelines, trials, and technologies in oncology, cardiology, women's health, and lab medicine.
2. Skill Enhancement: Offer case-based learning, interactive sessions and workshops to sharpen clinical decision-making, interpretation of new diagnostic tests, algorithm use, and procedural skills.
3. Standardization & Best Practice: Promote consensus, evidence-based protocols, and standardized care pathways.
4. Foster Collaboration: Encourage multi-disciplinary and multi-institutional networks, new research collaborations, and cross-specialty partnerships.
5. Sustainability & Cost Efficiency: Demonstrate how integration of specialty streams within a unified platform can deliver greater value to participants, sponsors, and societies.

## Expected Outcomes

1. Improved knowledge and confidence in managing complex and evolving clinical scenarios
2. Adoption of new diagnostic tools, therapeutics, and guidelines into practice
3. New collaborative projects and multicentre initiatives
4. Enhanced visibility and impact for participating societies and sponsors

## Speakers and Faculty

1. National and International Key Opinion Leaders
2. Senior Clinicians with high-impact publications or leadership roles
3. Rising young clinician-researchers bridging basic science and patient care
4. Specialists with real-world experience (e.g. implementation of novel therapies or diagnostics)
5. Representatives from industry for technology and innovation talks

## Session Formats

Plenary  
keynote  
lectures

Panel  
discussions /  
debates

Breakout  
parallel  
sessions

Industry symposia  
/ technology  
showcases

# Themes, Topics and Session Ideas

Below is a non-exhaustive list of themes that will be touched upon:

STREAM	THEMES AND SESSION IDEAS
 <b>Oncology</b>	Newer Horizons in Oncology
	Holistic care in Oncology
	AI in Oncology
 <b>Cardiology</b>	AI in Cardiology: Redefining Risk Stratification and Personalized Care
	Genomics and Precision Cardiology
	AI and Robotics in Cardiac Interventions : Surgical planning and simulation using AI-based imaging and virtual reality
	Digital Tools & Platforms for Cardiac Monitoring
	Big Data, Ethics & the Future of AI in Cardiology
 <b>Women's Health</b>	AI in Women's Health: Redefining Longevity Across Life Stages
	From Prevention to Precision:
	Robotics, Automation & Virtual Reality in Women's Health
	Digital Tools & AI Platforms for Women's Health Monitoring
 <b>Laboratory Medicine</b>	<b>The Future-Ready Laboratory</b> Theme: Innovating Beyond Today's Challenges – Total Laboratory Automation
	<b>MICROMYCO: Session on Infections</b> Theme 1: Tuberculosis – From Detection to Cure Theme 2: NTM Surgical Site Infections – An Emerging Challenge
	<b>FLOWFLUIDICS: Flow Cytometry</b> Theme 1: Inborn Errors of Immunity Theme 2: Lineage Assignment in Acute Leukemia
	<b>NEUROCHEMISTRY: Biochemistry Meets Brain Health</b> Theme 1: Alzheimer's Disease Theme 2: Multiple Sclerosis
	<b>COAGULATION CONUNDRUM: Haematology</b> Theme 1: Hypercoagulable States Theme 2: Chronic Myeloproliferative Disorders
	<b>NGS &amp; Digital Pathology: Precision Medicine</b> POCT (Point of Care Testing)
	<b>Panel Discussion</b> Bioinformatics – How middleware can drive precision and efficiency in diagnostics

# Collaboration Opportunities

**Exhibitions & Partnerships:** Showcase your products, services, and innovations at IHD 2026. Meet healthcare leaders, decision-makers, & influencers while presenting cutting-edge solutions in our high-visibility exhibition space.

**Exhibition Booths:** Engage directly with attendees, demonstrate innovations, & build valuable business connections.

**Partnership Packages:** Tailored options to boost your visibility or support specific conference sessions. Join the global movement to improve patient safety.
